## ROLAN'S CURSE

In an age of heroes and wizardry, the sinister King Barius terrorized the peaceful land of Rolan. Finally, he was defeated and imprisoned in his castle far in the forest of Rolan. A magic seal was placed upon the door with a symbol inscribed within it, as a warning to any who came too near.

One day, some weary travellers, seeking shelter from a storm, came upon the castle. They were unfamiliar with the legends and did not understand the inscription. So, they proceeded to open the castle doors and broke the seal. A great trembling began and flames shot up towards the sky - evil laughter filled the halls, causing the travellers to cower in a corner.

"I, King Barius, Lord of the Demons, am free at last!", he bellowed. And with a wave of his hand, he transformed the poor travellers into hideous monsters. "My curse upon this land for imprisoning me these centuries past, shall be that no happiness will dwell in this kingdom for as long as I reign!" And with that, he sent his newly-created monsters out to wreak havoc on the countryside.

The people were plunged into despair and a cry went out for some brave warriors to go forth and save Rolan from its dark fate.

# HOW TO PLAY

The objective of Rolan's Curse is to find and destroy the monsters of Rolan and the evil King Barius. But this will not be an easy task, since the dark creations of Barius await you in the countryside, castles and caverns.

At the beginning of the game, you appear in the first village - the starting point of the quest. You will have only a sword, little life, and a few wise words from the townsfolk at this point.

If you are playing a 2 player game, both warriors will appear. The two warriors can either stay together or move independently.

Avoid being touched by any of the monsters as you seek out Barius. They are extremely dangerous, and can do significant damage to you. Some of your enemies can shoot, so watch your head!

As you travel across the countryside, attempt to find items that will aid you in your journey. Life potions, invincibility cloaks, extra weapons, and other such items await you in the countryside.

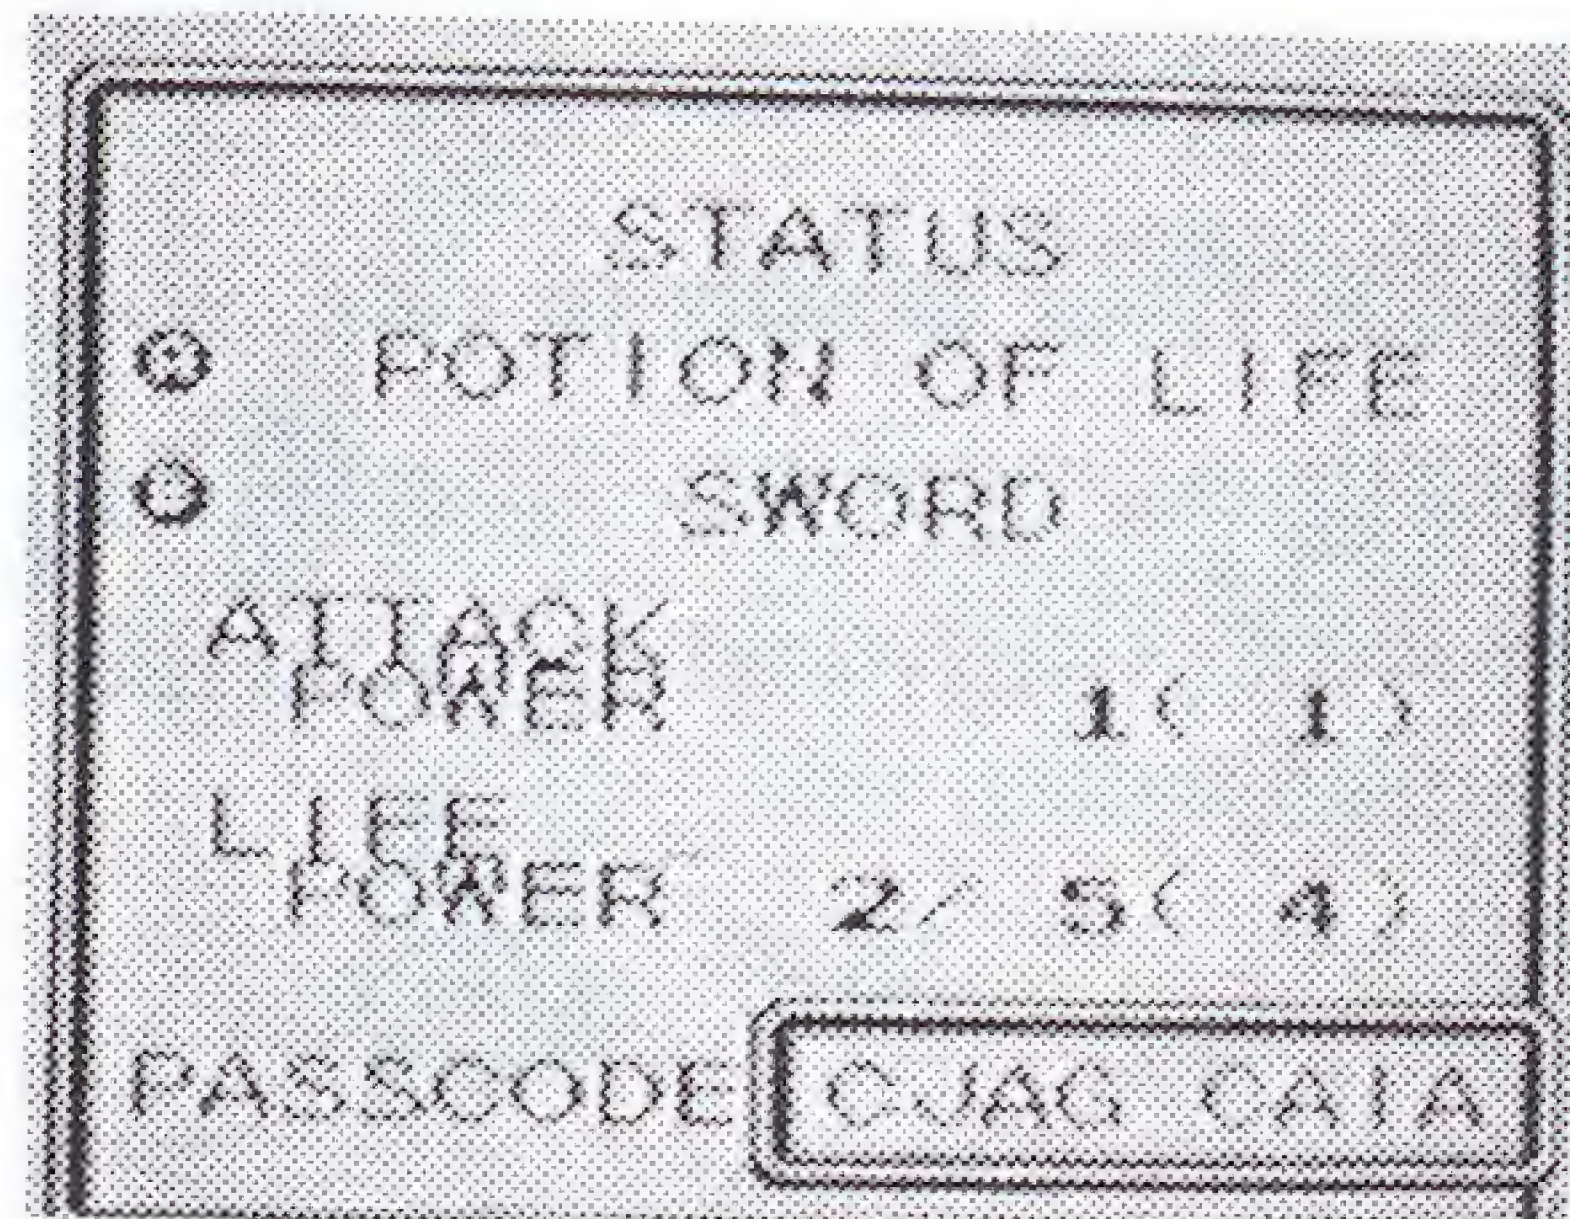

In order to exit an area, you'll have to find the gate.

After dying, you will reappear at the beginning of the stage.
